The basic troubles of the world, from war to human the winter. ew with large means—who are hurt by extravagant government.

But that is not the end of the story. Something infinitely ominous is quietly happening in this country.

Taxes are killing our economic growth.

Solos

Taxes are killing our economic growth.

Solos

Taxes are killing our economic growth.

Solos

A resolution of the loss of individual self-reliance, initiative, pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride, independence of spirit, the will to work — the pride in the A recent article in Newsweek describes this. Sales qualities which made possible the founding and the Mr. and Mrs. Joseph Kernosky of common stock in industry largely determine whether growth of this republic. We, as a people, are fortunate whether shall have good times or bad, an expanding economy that we have not yet gone so far on the "welfare state" Martin is his name.

Or a static economy more employment or less in the full large which made possible the founding and the growth of this republic. We, as a people, are fortunate are being on the "welfare state" Martin is his name.

Or a static economy more employment or less in the full large which made possible the founding and the growth of this republic. We, as a people, are fortunate that we have not yet gone so far on the "welfare state" Martin is his name. that we have not yet gone so far on the wentage state or a static economy, more employment or less in the furnad that we cannot turn back. We can still save our selves from the final disaster that has overcome so much of the national income of the national income where, in the 55 years prior to 1930, it averaged more where, in the 55 years prior to 1930, it averaged more the magazine goes on that we have not yet gone so far on the wentage state road that we cannot turn back. We can still save our selves from the final disaster that has overcome so much of the world. But we, as a people, must do it ourselves. This makes to Mr. and Mrs. P. P. Makes the for some time in stending has returned to her has a stending has returned to her stending has returned has a st

CRAWFORD COUNTY AVALANCHE

But talk is generally the beginning and the end of it. This brings us to a fundamental fact. Wasteful, excessively costly government is simply a symptom of described in cold figures. It exists in the minds and

In the last twenty years, there has been an insidious hange in our concept of government. We have turned to it to perform tasks which always before were the luty of the individual and the local community. More ernment to protect our health, build our homes, care for rom the cradle to the grave. We ask it to provide more and more goods and services. The polite term for two conclusions. It impoverishes and enslaves the tentacles of government have been woven so tight that running a heavy deficit which will be added to the it may take generations to recover.

proceeds wouldn't even come close to paying the bill. tens of millions of common men and women live miser- ably in medical darkness, and real liberty is unknown.

Mrs. Rebecca Turner in Vander- ably in medical darkness, and real liberty is unknown.

than 40 per cent. This means, the magazine goes on, that "if most of our corporations were not already in existence, it would be impossible today to create them."

The money that once went into the enterprises upon which our living standards and our world leadership which our living standards and our world leadership than 40 per cent. This means, the magazine goes on, that "if most of our corporations were not already in mirage of material security, for which we pay through welcome addition to sons and daughter. Beg government will not do it for us.

To get away from the cold our young society.

To get away from the cold our young society.

Sons and daughter. Beg, in the village and is a welcome addition to sons and daughter. Beg, in the village and is a welcome addition to sons and daughter. Beg away from the cold our young society.

Last Wednesday, January Jul.

To get away from the cold our young society.

Sons and daughter. Beg, in the village and is a welcome addition to sons and daughter. Beg away from the cold our young society.

Which men have fought and struggled for two thousand which men have fought and struggled for two thousand their three grandsons, are welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome addition to our young society.

When the village and is a welcome and which our living standards and our world leadership years?"

It probably does us all good once in a while, to get taken down a peg or two. Something like that happened to me last week as I was browsing round in the north country checking up on oil acquaintances, and reaffirming memories grown dim. In a small north Michigan town I met Mrs. Larry OConnor, whom I'd once known as a "camp-washer woman," and now boasted of eighty-seven sprightly years, many of them sprightly years many of them sprightly years. The year of t

we spent a pleasant evening in her snug little living room while she talked excitedly about each of her off-spring, what had happended to them over the fifty years, what they were doing, where they lived and how well they had succeeded and how well they had succeeded and thou contains the succeeded and thou well they had succeeded and thou contains the succeeded and thou contains the succeeded and thou well they had succeeded ceeded and then God help me, ceeded and then God help me, I tried to show her how I too, had gone out and made good. I guess I did get up a pretty good head of steam I showed snapshots of my children and grandchildren, and maybe I did wax a little enthusiastic. Anyhow she got up suddenly and began rummaging in the bottom draw of an old "Highboy," that stood in a corner.

Look where you will—you'll see Ford's quality. Look at Pord's "Fashion Car" styling. It's more beautiful than ever. Run your finger ever the baked-on enamel, it's "built to five outdoors." Fool the long-lived upheistory. 2 Bine Control Ford's the traffic king for power, yet it never raises its voice. Like the new "hushed" V-B, Ford's advanced SIX whispors while it works and you needn't raise your voice

Fool Ford's casy "Finger-Tip" Stooring \$\frac{1}{2}\$, feel the 35% casior action of King-Size-Brakes...got the solid "fool" of Ford's 13-way stronger "Lifeguard" Body now "sound conditioned" for silence. Feature after feature will show you why Ford's the one fine car in the low-price field.
